Navigating BIG Change For Challenging Times

Professional & Personal Development Event

Change happens all around us, every day, in every way. We are living in the midst of unprecedented change on the planet. How we handle shifts in our professional and personal lives helps to set the stage for satisfaction to blossom and for a new paradigm to emerge. As Einstein said:

"We can't solve problems by using the same kind of thinking we used when we created them."

Newfield Network's Front Range Alumni are proud to present two-days of stimulating, lively, and interactive learning with speakers which include top Newfield Network leaders as well as Front Range Alumni presenters.

Participants will:

- ▶ Discover new ways of being
- ▶ Dare to live a more purposeful and fulfilling life
- ▶ Learn with experts to gain a deeper understanding of how to navigate life in the realms of emotions, body, and language
- ▶ Explore self-renewal & develop a new foundation for decision making
- ▶ Unleash creativity and the capacity to live a life of fulfillment
- ▶ Build community with others who have a similar purpose and passion
- ▶ Break out of a typical learning environment
- ▶ Explore new possibilities in various life domains to navigate change most effectively and move from dissatisfaction to satisfaction

Join this unique, exceptionally affordable experience in an outdoor/indoor organic learning environment. This event is open to the public as well as Newfield students and alumni. This event is sponsored, created and developed by the Newfield Front Range Alumni Group of Colorado.
